

Theatre 4 Kids!

**RUDOLPH
VS
GRINCH**

FOLD LINE

The Grinch wants to stop Santa being able to deliver the presents this Chrstitmas...Can Rudolph stop him?

Place your Christmas gear on the grid to hide it from your opponent.
Each image has a number telling you how many squares it covers on the grid.
Take turns calling a grid location (eg A3) to try to find all of Santa's gear first.

If a square containing some gear is found drop a cover piece on it.
Cover each square as you call it out so you don't accidentally repeat the same location.
The First person to locate all squares that their opponents gear covers wins the game.

Use fold lines to create a barrier to hide your grid from your opponent.
